RE: RFI Work Plan Addendum No. 2, Groundwater Monitoring at SWMU 15, US Naval Station (NAVSTA), Mayport, Florida

Dear Ms. Wilson:

I have reviewed the above document dated October 1999 (received October 15, 1999) and we have discussed it at the Partnering meeting earlier this week. The document is acceptable; however, the Navy should consider having the contractor prepare a final report summarizing the sampling results. This report should be properly signed and sealed according to Florida Law so that the data from the sampling can be utilized in making further decisions regarding SWMU 15.

If you need further clarification or any additional information, please feel free to contact me at 850-921-4230.

Sincerely,

James H. Cason, P.G.
Remedial Project Manager

CC: Randy Bishop, NAVSTA Mayport
Charlie Radford, CH2M Hill, Atlanta
